Professional Summary

Backend Software Engineer specializing in ASP.NET Core and SQL Server, with hands-on experience building scalable, modular, and high-performance systems. Strong problem solver with a solid foundation in clean architecture, optimization, and system design. Proven ability to deliver reliable backend solutions that improve performance, reduce latency, and meet real business needs.

Technical Skills

Backend: C#, ASP.NET Core, Entity Framework, Dapper, ADO.NET, REST APIs, Microservices

Database: SQL Server, LINQ, Query Optimization, Caching, Stored Procedures **DevOps**

& Tools: Git, Docker, Azure, Azure DevOps, Postman, RabbitMQ **Concepts:** OOP,

SOLID, Clean Architecture, Multithreading, Unit Testing, DSA **Realtime & Auth:**

SignalR, JWT, OAuth, FCM

Professional Experience

Thought Craft

Backend Developer

Cairo, Egypt

Aug 2025 – Present

- Developed and maintained backend modules within a modular monolithic architecture.
- Optimized critical sections, improving execution time by **85%**.
- Delivered features using ASP.NET Core, EF Core, and SQL Server with clean architecture.
- Participated in architecture decisions to improve scalability and reusability.
- Collaborated in Agile teams to ship high-impact features quickly and reliably.

Online Gym Platform

Backend Developer (Freelance)

Remote

Jun 2024 – Dec 2024

- Built a scalable RESTful backend using ASP.NET Core 8 and SQL Server.
- Integrated PayPal payments and Vimeo video hosting.
- Implemented user progress tracking and automated certificate generation.
- Delivered features directly to stakeholders with full technical ownership.

Projects

Minia University

IT Department Management System (Academic Project / Internship)

Jan 2025 – Jun 2025

- Built student, staff, and course management modules using ASP.NET Core + EF Core.
- Designed a resource scheduling algorithm improving allocation efficiency by **30%**.
- Implemented SignalR realtime updates, reducing latency by **90%**.
- Added offline support with automatic recovery for unstable connections.

Education

Minia University

Bachelor of Computer Science

Minia, Egypt

Oct 2021 – Jun 2025
